

RAVI KUMAR

Senior Frontend Engineer — React, Next.js, TypeScript

ravichoudhary1722@gmail.com | +971 55 131 8488 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Dubai, UAE | Available Onsite/Remote | Work Authorization: UAE Resident Visa | Available: Immediately

PROFESSIONAL SUMMARY

Senior Frontend Engineer, 8+ years (React/TypeScript), led a Next.js revamp of tiket.com's Flight product for **~1M monthly active users**. Independently built Her Aviation Era, a SaaS platform helping aviation-industry aspirants prepare for and land cabin crew roles (**1,000+ users**, 3 payment gateways), and DocWing, an ATS CV builder with a **from-scratch scoring engine**. Builds daily with Claude Code as a structured AI-augmented practice.

PROFESSIONAL EXPERIENCE

Senior Frontend Engineer tiket.com | Jakarta, Indonesia

Feb 2022 – Dec 2025

• **Flight & Ground Transport (Flight, Train, Bus, Car Rental, Ferry)**

- Led an end-to-end Flight product revamp, migrating legacy React to Next.js and TypeScript across web and 2 WebView platforms (iOS, Android), supporting **~1 million monthly active users**
- Resolved critical cross-platform bugs across **4 service modules** (bus, train, ferry, airport)

• **Things To Do (TTD) — Entertainment Ticket Services**

- Migrated the legacy codebase to TypeScript and Next.js, achieving **~50% improvement** in page load times during high-demand ticket launches

• **AI-Driven Development Initiatives**

- Led team-wide adoption of **2 AI tools** (Cursor AI, GitHub Copilot) and **4 MCP integrations** (Figma, GitHub, JIRA, Chrome DevTools), cutting design-to-code time **from days to hours**

Senior Software Developer Paytm Payments Bank | Noida, India

Sep 2021 – Jan 2022

- Architected the full digital journey for Current Accounts on the Paytm Bank consumer app using React.js
- Built a Node.js API layer between frontend and backend, hardening security via server-to-server calls
- Set coding standards and architecture guidelines for banking apps, later adopted team-wide by other engineers

Software Developer Paytm | Noida, India

Feb 2018 – Aug 2021

- Built shared modules for the Paytm Bank App, including storefront banner functionality for offers and promotions
- Built a barcode-based Asset Tracking System (React, Redux) and a merchant loan-onboarding flow with document upload and selfie capture
- Shipped features across **5 Paytm verticals** (Movies, BoxOffice, FSM, BPMS, Seller Panel), plus a Node.js authorization server (Panel BFF) for cross-panel authentication

Software Developer Qorql Pvt Limited | India

Feb 2017 – Jan 2018

- Implemented an event-based queue management system using push notifications (FCM) and Firebase real-time database
 - Developed an admin panel for centralized management of applications and database updates
-

SELECTED PROJECTS

Her Aviation Era

Jan 2026 – Present

heraviationera.com | [Architecture deep dive](#)

Independently designed and built a production SaaS platform for aviation-industry aspirants, now serving **1,000+ active users** across **111+ routes**, owning architecture, engineering, and product decisions end-to-end.

- Built the entire product end-to-end on Next.js, React, TypeScript, and Supabase (PostgreSQL): auth, booking/scheduling, content delivery, and a member dashboard, in close AI-augmented collaboration with Claude (Anthropic) as a team of one
- Architected a freemium and subscription model spanning one-time and monthly plans across **15+ product surfaces**, integrating **3 global payment gateways** (Stripe, PayPal, Razorpay) for USD and INR billing
- Built a governed two-environment release pipeline (staging → production) with gated CI/CD, **45+ production database migrations**, and an expand/contract schema strategy for zero-downtime changes
- Shipped a free SEO toolkit and a region-prioritized hiring feed to grow organic acquisition, alongside checkout exit-intent recovery and first-touch attribution tracking
- Owned security and data protection: closed Postgres RLS gaps, shipped GDPR-aligned account deletion, and stood up a 3-2-1 encrypted daily backup pipeline
- Shipped **10+ major features** solo, including booking/availability, an AI-assisted interview-prep bank (**150+ questions**), a CV template store, and an admin analytics console with revenue reporting

DocWing

Jul 2026 – Present

docwing.vercel.app

Built and shipped DocWing, a live ATS-friendly CV builder, with a reusable component architecture designed to extend into a broader suite of document tools.

- Built a full CV editor with live preview, drag-and-drop section reordering (@dnd-kit), and **9 CV/cover-letter templates** on Next.js 16, React 19, and TypeScript (strict)
- Designed a **from-scratch ATS scoring engine** that parses a CV against a JD's keywords and returns an instant score
- Built a **“Fit to 1 page” auto-shrink layout engine** and an in-app preview/download modal, replacing the native browser print dialog with a controlled, on-brand export flow
- Architected storage/export/template layers behind repository interfaces (CvRepository, exportPdf()) so a second product in the same document-tools line can reuse the foundation
- Shipped Supabase-backed authentication, a My CVs dashboard, and **server-side PDF export** via Puppeteer

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, HTML5, CSS3, SASS, SQL
Frontend Frameworks	React.js, Next.js (App Router), Redux, Zustand, React Query (TanStack Query), Tailwind CSS, responsive & component-driven UI
Frontend Engineering	System Design, Performance Optimization, Web Vitals (LCP, CLS, INP), Accessibility, Cross-Browser Compatibility, Code Reviews, Reusable Component Architecture
APIs & Testing	REST API Integration, GraphQL, Jest, React Testing Library, Playwright
Tooling & CI	Git, GitHub Actions (CI/CD), Webpack, Babel, ESLint, Vercel, JIRA
Backend (working)	Node.js, Supabase (PostgreSQL, RLS, Auth), Stripe/PayPal/Razorpay
AI-Augmented Engineering	Claude Code / Claude Agent SDK, Cursor AI, GitHub Copilot, MCP Servers (Figma, GitHub, JIRA, Chrome DevTools)

EDUCATION

Master of Computer Applications (MCA) — Guru Gobind Singh Indraprastha University, Delhi | 72%

Bachelor of Computer Applications (BCA) | 80%
